esteem® bathrooms

Choosing and planning a new bathroom is an exciting time. After all, it's the only room where you can truly relax, refresh and revitalise.

Our collection has been carefully selected from leading manufacturers and suppliers to offer you a wealth of choice and styles. We realise that value is important to you, but not at the expense of good design.

Whatever aspect of your bathroom you're looking to revamp, you'll find our selection of products to be more than suitable.

Our knowledgeable and friendly bathroom team is always here to guide you if you'd like some extra advice.

Let's start creating your dream bathroom...

Planning your Bathroom Space

There's a great deal to consider when thinking about the design and build of your new bathroom space.

Your bathroom space is one of the busiest rooms in your home. It must be functional and practical both night and day, but that doesn't have to be at the expense of style or comfort.

Considerations...

Floor Plan

Whether the style you crave is one of understated elegance, full-on glamour or something more modest, planning ahead is the essential way to get the best out of your bathroom.

Your first step should be to devise a floor plan; see inner back page for a layout planner.

Think about what items you want to include, and how they will be used. It is crucial to make sure you factor in enough space for standing and moving around.

Suitability for All

Think about who will be using your bathroom. Freestanding baths might look fantastic, but can be difficult for children or the less agile. Looks alone should not sway your decision, make sure you go for function as well as form.

Storage Solutions

Modern minimalist designs only work if all bathroom products are carefully and cleverly concealed. Plumbing paraphernalia is also best hidden away from view. Concealing it within furniture is a great solution, as it still remains accessible for any necessary maintenance.

Heating & Towel Rails

Underfloor heating is an excellent alternative to radiators, offering a warming solution for a contemporary style bathroom. It is simple to install during the flooring phase, and provides heat across the entire room space.

Heated towel rails have also become a must-have for the modern bathroom. Choices range from the more traditional chrome and stainless steel finishes, to an array of colours that can be matched or contrasted with your other bathroom design preferences.

Interior Decoration

There are many materials, styles, textures and finishes to choose from when decorating a bathroom. Tiles in a wet environment are the most popular option, as they are both practical and wonderfully aesthetic. They can also help make spaces appear much larger.

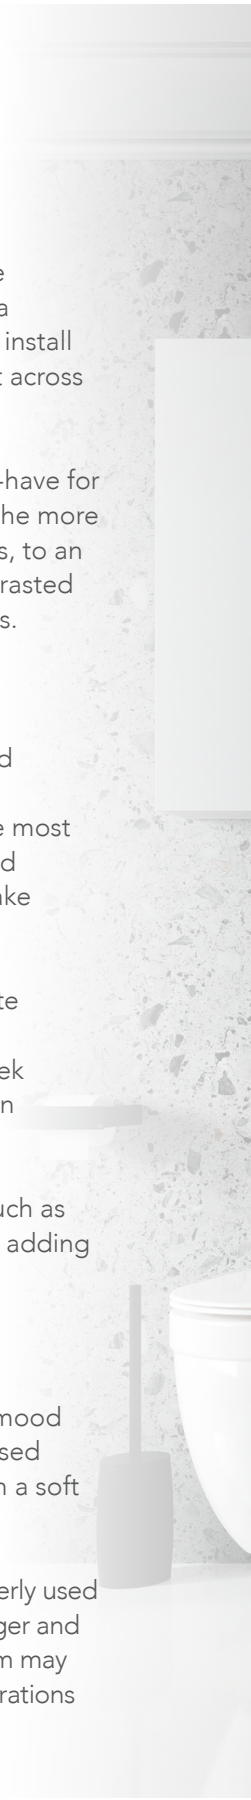

Using a panel of vibrant wall colour can create a dramatic look. Bold hues can add zest and warmth or when used sparingly against a sleek white bathroom will instantly create a modern contemporary feel.

Adding texture with more tactile materials such as wood and glass can be wonderfully relaxing, adding a spa-like quality to your space.

Mirrors & Lighting

Lighting can make a huge difference to the mood of your room. For example; flush fitted recessed lights in the ceiling will help fill the room with a soft ambient light.

Mirrors are not only a bathroom essential, cleverly used they can also make a bathroom seem both larger and brighter. And much like lighting, your bathroom may benefit from the use of multiple mirror configurations which can effectively alter any surroundings.

Fitted Furniture

Help to unify the look of your bathroom and maximise your available space by adding fitted furniture. Choose from five styles across 2 collections in a range of on-trend finishes.

It's easy to add fitted furniture to your new Esteem bathroom...

- Select a style and colour finish
- Decide on a combination of base and wall units to suit the spaces available, don't forget handles where necessary!
- Choose a basin and worktop to balance the look of your units

Complement your new bathroom space by adding designer accessories...

- Select co-ordinating bath and end panels
- Add a matched mirror or one from the Esteem range of Mirrors & Cabinets
- Complete your bathroom with an Esteem tap, designer towel rail and don't forget accessories - pages 382 - 385

WORKTOPS

Our worktops have been developed to be used in conjunction with our semi-countertop basins. Just like our units, they are available in standard or slim depths. The Strata solid surface or laminate worktop range is designed to finish your units perfectly. Alternatively, you can opt for our Isocast worktops with integrated basin for a sleek contemporary look.

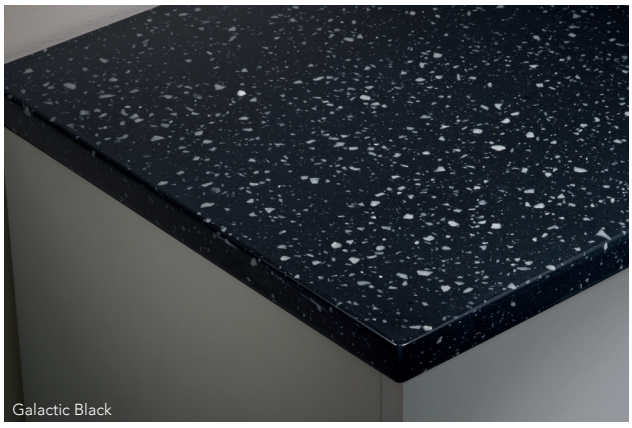

STRATA
SOLID SURFACE WORKTOP

Available in 4 finishes and supplied in 1280mm and 1880mm lengths. Can be cut and finished during the installation process.

Cabinets & Mirrors

Bathroom must-haves that create the illusion of space. The finishing touches for an elegant bathroom.

Our collection of cabinets will keep things organised and create more useable space. Adding an attractive mirror to your design will help make your bathroom look bigger and much brighter.

LED lighting in mirrors and cabinets helps to simulate natural light, while demister pads prevent the glass from steaming up.

Taps

Striking creations, crafted to perfection. Create a beautiful focal point in your new Esteem Bathroom or Kitchen.

Taps are a crucial element of your bathroom or kitchen. Our tap ranges are designed not only to function perfectly, but also to visually enhance the appearance of any room they occupy.

A minimalist look with a slim, high-rise tap combined with a vessel basin will create a stylish and contemporary designer feel.

Esteem Prestige Collection	P124 - 133
Esteem Range Taps	P134 - 142
Kitchen Taps	P143 - 149
Traps & Wastes	P150- 151

Our Esteem packaging is also sustainable, being easily recycled and biodegradable. It contains no plastic content.

CHROME 3+ FINISH

Many of our Esteem Chrome Taps are finished in a sustainable innovative 'Chromium 3 finish', also sometimes known as 'Green Chrome'. Where the C3+ logo appears, the decorative Chrome Plating has been conducted using a far more environmentally friendly process, helping to reduce potentially harmful toxins and pollutants being released into the wider environment.

COLD START

Cold Start, helps customers reduce energy costs by always starting from the cold position, reducing hot water demand when it may not be required, extending the life of Combination Boilers and helping to save the planet.

esteem®

PRESTIGE COLLECTION

Esteem Prestige Collection, is a family of products for the more discerning client seeking out the finest quality items for their Bathroom. Where you see the Esteem Prestige emblem, you can be assured that you are viewing items that are of the highest quality, combined with exceptional design aesthetics.

From pages 126 - 133 you will find our Esteem Prestige Collection ranges of Bathroom Brassware, available in Matt Black, Brushed Brass, and Chrome finishes. These taps have exclusive design styling that will complement and elevate any Bathroom environment. The taps also demonstrate superior design innovation with many of them harnessing Cold Start technology.

On pages 134 – 142 you will find our Esteem Tap Ranges. These offer many of the above characteristics, however with more variants to choose from, you can be confident that you will find something to perfectly suit your bathroom space.

Prices shown include VAT. All dimensions in millimetres.

Showering

Get gloriously drenched in stimulating surroundings.

Long, hot showers are one of life's simple pleasures that we all enjoy. Our complete showering range comes in all shapes, styles and sizes - each one designed with your satisfaction and enjoyment in mind.

Dual outlet shower systems allow you to switch between a fixed head and a more flexible showering handset. All showers are suitable for use with unvented water supplies, combi boilers, gravity and mains pressure systems.

Mixer Showers	P152 - 181
Shower Enclosures	P182 - 197
Shower Trays	P198 - 201

Wetroom Solutions

Clever and contemporary. Create your perfect wetroom, tailored to your very own individual style.

A range of modern wetroom glass panel solutions, designed to fit straight down to the floor or with our low level shower trays to create a perfect unobtrusive look.

Corner Panel	P204 - 205
Glass-to-Glass Panel	P206
Deflector Panel	P207
Linear Panel	P207
Fluted Panel	P208
Black Grid Panel	P209
Bracing Kits	P210 - 211

Corner Panels are a single piece of thick glass which separate a shower situated in the corner of a bathroom.

Combined with bright, large white tiles can help to create the illusion of space in smaller bathroom areas.

Wall Panelling & Flooring

Stunning finishes coupled with low-maintenance surfaces that simply wipe clean - protecting your walls from water ingress.

The modern alternative to bathroom tiles.

Wall panels are easy to install and even easier to maintain, Esteem's beautiful bathroom wall panels and flooring come in a huge selection of colours, textures, and finishes, enabling you to create a contemporary design that matches your personality.

With wall panelling you can say hello to years of easy care and goodbye to cleaning grout and mould. Because our beautiful walls and floors come in a huge selection of exquisite colours and textures, a whole host of design possibilities open up for you to reinvent your bathroom in a style uniquely yours.

Complete functions

Our Smart Toilets offer multiple ways to access its features at one touch of a button: for simplicity, you have the convenience of basic wash and dryer cycles with the easy-to-reach buttons on the right of the pan, in addition to the brushed steel rotary control knob. For a fully customisable experience, the intuitive Bluetooth remote control offers you these basic wash and dry cycles in addition to a range of adjustments which optimise cleaning performance on a personal level.

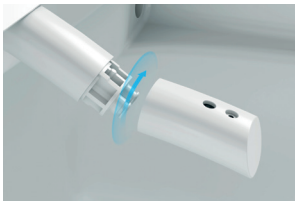

Washing

Rear wash, woman wash and comfort wash functions (each programme runs for 3 minutes).

Arc shape sprayer

Moveable for the most efficient cleaning angle.

Detachable sprayer

Sprayer nozzle can be detached for easier cleaning.

Soft-closing seat

Our soft close seat ensures quiet use during the night, prolongs the life of the hinge mechanism.

Night light

The night light automatically activates in low-light to help illuminate the pan.

Fast drying

Adjustable temperature to meet your personal preference (between 40-60 degrees).

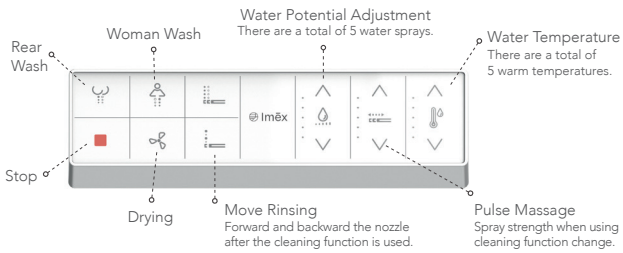

Pre-mist

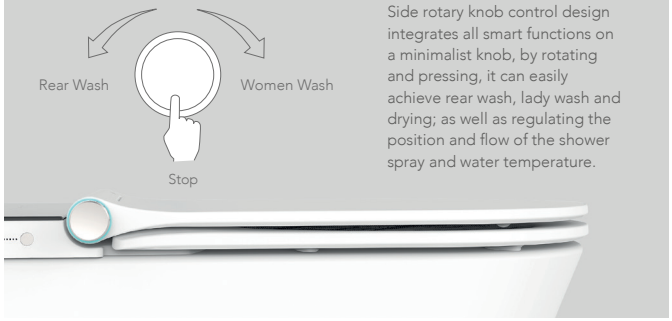

Triggered by the Infrared sensor, the pre-mist feature provides a light spray around the pan to minimise cleaning and optimise flushing.

Remote Control

Simple and clean design, functional operation at a glance; tilted design ergonomics, make the controller more comfortable to use and operate.

One rotary knob control, easy operation

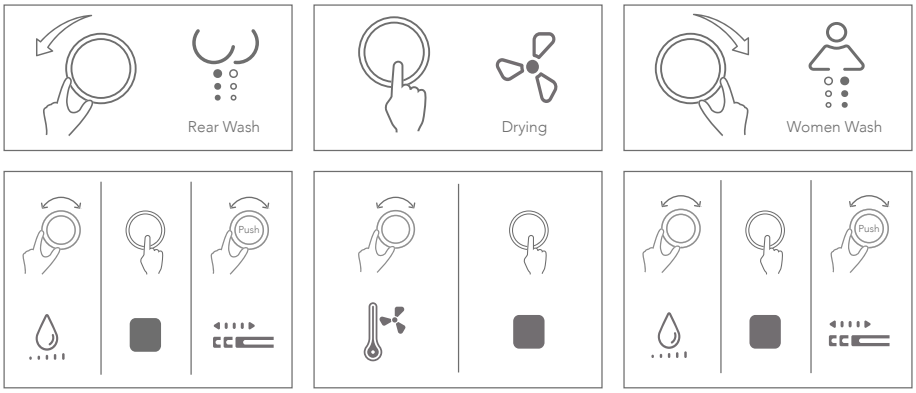

Side rotary knob control design integrates all smart functions on a minimalist knob, by rotating and pressing, it can easily achieve rear wash, lady wash and drying; as well as regulating the position and flow of the shower spray and water temperature.

Details Make The Design

Delicate feel, light guide with comfortable operation.
Micromesh texture with intuitive touch. Many features with one control.

Prices shown include VAT. All dimensions in millimetres.

Baths

A luxurious long soak in a comfortable bathtub. Relax, refresh and revitalise.

At the end of your day, nothing beats a nice long hot soak in a bath for a feeling of relaxation and wellbeing. Our great selection of baths will allow you to take some time out and treat yourself.

A popular choice for both style and function, L and P-shaped baths in addition to the more traditional straight bath styles, are a great way to maximise space with matching bath screens.

esteem®
PRESTIGE COLLECTION

The Ultimate Premium Reinforced Acrylic Bath

All Premiercast baths are constructed by hand. The bath is formed from high quality 5mm acrylic, to which a full timber supporting frame is added to both the base of the bath and the underside of the rim. This creates a strong base to then apply by hand, 7 layers of fibreglass core matting.

Between each layer a resin bonding adhesive is added which, when dry creates a super strong encapsulated bonded core. Finally the bath is coated with a mix of resin and blue paint, which provides a smooth and super strength final bonded surface.

Reinforced Acrylic Baths

All reinforced acrylic baths are constructed by both hand and automated processes, for efficiency and speed.

The first process is to form the bath from high quality 5mm acrylic, a full timber supporting frame is then added to both the base of the bath and the underside of the bath rim. This creates a strong base for the fibreglass sprayed layer, encapsulating the frame creating a durable and strong bath.

Finally the bath is coated with a mix of resin and grey paint, which provides a smooth and strong final bonded surface.

Prices shown include VAT. All dimensions in millimetres.

Lighting & Ventilation

A refreshing approach to bathroom design.

Our extractor fans provide a fresh, cleaner atmosphere for your room. They help keep your bathroom properly ventilated, which also helps to prevent mould and mildew.

Bright, clear light is essential as you prepare for the day. Spotlights and downlights are ideal for directing a focused light towards any surfaces that are in high use.

Combine one light with another to ensure full coverage or brighten up certain areas to create a particular mood.
